Sacred Vestments

From "Liturgical Catechism" by Rev. M. S. Canon McMahon, 1930.

Q. What is the origin of the liturgical vestments?

A. The liturgical vestments, for the most part, have their origin in the ordinary civil dress worn in the Roman Empire in the early centuries of the Christian era.

Q. What movement gave rise to the distinction between the two costumes?

A. The gradual adoption in civil life of the close-fitting garments of the Goths, begun in Rome in the 6th and 7th centuries, and the conservatism of the church in rejecting that innovation. [comment: the author is referring to shirts and pants, considered barbarian clothing and not worn by the Romans until the time mentioned above]

Q. To what period may we date the development of the present-day vestments?

A. The present-day vestments, for the most part, are, in essential properties and constituents, the same as those developed between the 4th and 9th centuries.

Q. What is the great characteristic of that period?

A. The vestments began to be worn over the ordinary dress, and consequently came to be kept in the sacristy and to be put on immediately before the sacred functions.

Q. Was there at all times a special reverence shown to the vestments in which Holy Mass was offered up?

A. From early times, though the dress was identical, clerics were forbidden to wear the dress used at Mass in their ordinary social intercourse.

The Roman Missal directs the priest to put on his vestments in the sacristy and process directly to the altar to celebrate Mass. Following Mass he is directed by the Missal to return directly to the sacristy the by the same way in which he came. The pastor has been very edified to see that those who occasionally (and for a good reason) go back into the sacristy to speak with the celebrant after Mass wait patiently until he has completed removing his vestments before doing so. This is one small way that we can help to recover the sense of the sacred, not only at our own parish, but with the aim of spreading it widely throughout the Church. "His lord said to him: Well done, good and faithful servant: because thou hast been faithful over a few things, I will place thee over many things: enter thou into the joy of thy lord." (Mt. 25:23)

21ST SUNDAY AFTER PENTECOST

The Rosary and the Liturgical Year

The Rosary had its origin in the liturgical mentality of former ages. Even at the present time it is called "Mary's Psalter." There still are Catholics who consider the 150 Hail Marys a substitute for the 150 psalms for those persons who neither have

the time, the education, nor the opportunity to pray the Hours of the Divine Office. Thus "Mary's Psalter" is a shortened, simplified "breviary" — alongside the common Hour-prayer of the Church. — The Church's Year of Grace, Dr. Pius Parsch

The Rosary is Christocentric setting forth the entire life of Jesus Christ, the passion, death, resurrection and glory. Of course, the Rosary honors and contemplates Mary too, and rightly so, for the same reason that the Liturgical Year does likewise: "Because of the mission she received from God, her life is most closely linked with the mysteries of Jesus Christ, and there is no one who has followed in the footsteps of the Incarnate Word more closely and with more merit than she" (142 (Mediator Dei). Meditation on this cycle of Joyful, Sorrowful, Glorious Mysteries makes the Rosary not only "a breviary or summary of the Gospel and of Christian life," (Ingravescentibus malis) but also a compendium of the Liturgical Year. Therewith the Rosary stands revealed as a dynamic teacher and nurturer of Christian faith, morality, and spiritual perfection, fostering in various ways faith, hope, charity, and the other virtues, and mediating special graces, all to the end that we may become more and more like unto Christ. — Mariology, Juniper B. Carol, O.F.M.
