**PER QUEM HAEC OMNIA (cont.)**

(Taken from Notes Made at the Conferences of Dom Prosper Guéranger)

The Canon is nearing its close; it will terminate with the Priest raising his voice to say its concluding words, and to recite the Lord’s Prayer. The Greeks call the Canon the Liturgy. In the course of ages the signification of this word was extended so as to express the whole aggregate of that which composes the entire Divine Office; but originally it was strictly understood of the Canon of the Mass only, which is the work by excellence, as the Greek word expresses it. In the same way, we find marked, in the Latin Missal: *infra actionem*, to signify that which is done in the action of the Sacrifice; that is to say the Action by excellence. Furthermore, the very word Canon is also a Greek word, as we have before remarked; and there is nothing surprising in this, since it is well known how widely spread was the use of the Greek tongue, at the period of the birth of Holy Church. Out of the four Gospels, three were certainly written in Greek.

**Please join your fellow parishioners for coffee and donuts after the 8:00 AM Mass on the first Sunday of the month, or after the 10:00 AM Mass on the first and third Sundays of the month. This is also the time to visit our small lending library of good Catholic books and media. This is located just across from the bathrooms in the school basement.**

## Fourteenth Sunday after Pentecost

### YOUNG LADIES' GROUP PROJECT

At their last meeting, the young ladies made small diptychs with an image of Our Lady of Czestochowa, a famous icon of the Blessed Virgin Mary (by ancient tradition, painted by St. Luke himself) now kept in the at Jasna Góra Monastery in Poland since the 14th century. It was at this monastery that King Jan Sobieski gathered his forces and began his march to Vienna on August 15, 1683, to launch a surprise attack on the Muslim Turkish hordes besieging that city. This battle, which took place on September 11 of that same year resulted in the Turks fleeing in such haste that they abandoned most of their supplies, and this event marked the beginning of the slow retreat of the Turks from all of Europe. Her feast day is August 26.

### MASS REQUESTS

If you desire a Mass to be celebrated for a particular intention, please place the offering along with the specific intention in writing in an envelope clearly marked **Mass Intention** and place it in the collection basket. For intentions for a specific individual, make sure to specify whether the person is living or deceased. Alternatively, you can approach the pastor or bring or mail the request to the church. We do not accept phoned-in or emailed requests. Everything must be together at the time the request is made. Please note that Mass stipends are NOT tax-deductible according to IRS regulations.

### When Life Begins

Pro-choice advocates are invariably loathe to acknowledge the most important medical and scientific fact of all, namely that life begins at conception. Indeed,

they will find no medical textbooks or scientific reference works that say that life begins at any time other than at conception.

Many are no doubt aware that some of the world's most prominent scientists and physicians have testified at a Senate committee that life begins at conception. At these same hearings, the pro-choice lobby, though invited to do so, failed to produce even a single expert witness who would (or could) contradict or even question this accepted fact.

Moreover, pro-choice advocates often accuse pro-lifers of having no plan for all those lives "forcibly brought into being". When they say this, they often appear resentful that some lives are being saved, instead of aborted. This is surprising in that pro-choice rhetoric insists that they want abortion to be "safe, legal and rare," despite the fact that more than 3,000 abortions are carried out each and every day.

Another fact that is often ignored is that there are more than 3,000 crisis pregnancy centers in the United States staffed almost entirely by pro-life volunteers. These centers, unlike abortion clinics, offer expectant mothers a real "choice" other than abortion, and provide post-pregnancy medical and other assistance free of charge. So where as the abortion industry has raked in hundreds of millions of dollars since abortion was legalized in 1973, the motive of pro-lifers, in offering their time and money to support women in problem pregnancy situations, is entirely selfless.

### St. Vincent de Paul "Brown Bag Collection"

Please continue to help our food bank here at Sacred Heart by taking a brown bag and filling it with non perishable foods. Every Friday the Sacred Heart St Vincent de Paul Society has a food bank that is open to anyone living in the Fort Wayne area. Please bring the filled bag back by the 2nd Sunday of each month and we will exchange it with another empty brown bag. This gives everyone an opportunity to help feed the poor in our city and work on our corporal works of mercy. Thank you in advance to all those who help us keep our food bank going.
